

Artificial Intelligence PTF

TC Meeting Date:	27 Mar 2020
Reporting Chair:	Claude Baudoin
Co-Chair:	Bobbin Teegarden
Group page (URL):	omg.org/ai, omgwiki.org/ai
Group email:	ai@omg.org

Highlights from this Meeting

- Full-day meeting on Wednesday
 - 30 attendees, 17 maximum at any one time
 - “AI Forum” initially planned for Thursday had already been postponed (prior to COVID-19 disruptions) to September due to lack of talk submissions
- Recapped the previous episodes for new participants
- Presented Prof. Roberto Zicari’s work at University of Frankfurt on “Z-inspection” *in absentia*
- Prof. Bern Blobel (University of Regensburg) presented on “AI security, privacy and ethics”
- Conducted a “demo” of the NIST RFI response analysis
- Extensive discussion of the roadmap

Documents Issued

ai/20-03-01	Presentation on AI Security, Privacy and Ethics
ai/20-03-02	Z-Inspection [ask for permission]
ai/20-03-03 <input type="checkbox"/>	Minutes of Virtual AI PTF Meeting, 24 Mar 2020

Future Deliverables (In-Process)

- Analysis of the 98 replies to the NIST RFI on AI Standards
 - 45 done by Claude, Bobbin and Pete Rivett – need more contributors
 - Leading to a discussion paper
- AI Vocabulary
 - Extends the classification presented in the Board paper
 - Discussion paper, or adoption of an existing one (see Wikipedia)
- First RFP *possible* by September

Agenda Items for the Next Meeting

- Review the analysis of NIST RFI responses
- Select one aspect for work on an RFP
- Work session on AI taxonomy
- Work session on AI best/ethical practices
- Several hour-long joint sessions with other OMG groups
 - Discuss our relationship, offerings, and the other groups' requirements
- Plan AI Forum for September
 - Hoping to have NIST, DoD Joint AI Center, end user(s), AI vendors, academia
 - Presentations and one or two panels

Start a series of bi-weekly teleconferences in April
